

Karlsruhe Karst Lectures no. 21 & 22, special edition: Awardees of the “Young Karst Researcher Prize” 2016 of the IAH Karst Commission

1. Timea Havril

Department of Physical and Applied Geology, Eötvös Loránd University, Budapest, Hungary

Numerical simulation of fluid flow and heat transport evolution over geological time scales for the Buda Thermal Karst, Hungary

2. Axayacatl Maqueda

Centre for Hydrogeology and Geothermics, University of Neuchâtel, Switzerland

New insights on the karstification of a coastal carbonate aquifer, Yucatan Peninsula, Mexico

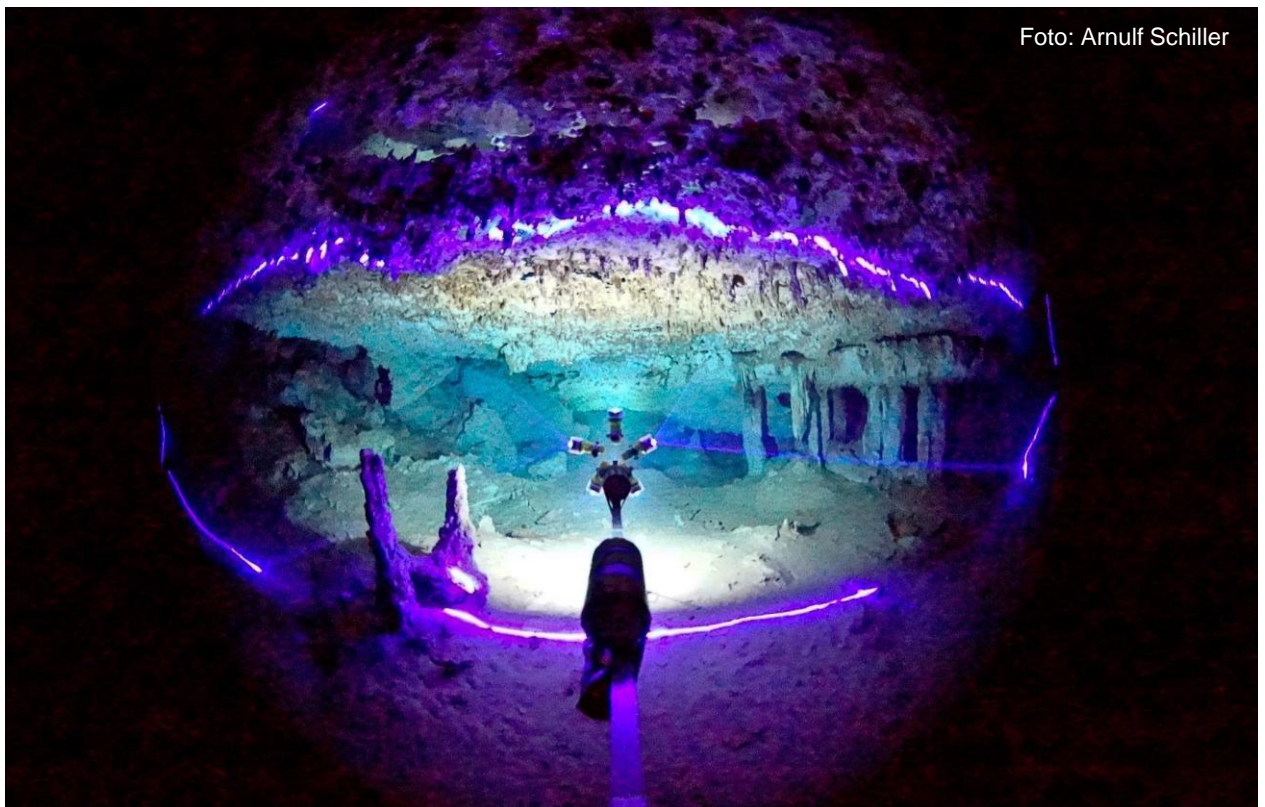

Foto: Arnulf Schiller

Ort: Hörsaal 045/046, Gebäude 50.41 (AVG)

Zeit: Montag 4. Dezember 2017, 1. Vortrag: 14:00, 2. Vortrag ab ca. 15:30

Die Vorträge finden im Rahmen der Vorlesung Angewandte und Regionale Hydrogeologie statt.
